FOR IMMEDIATE RELEASE

SIG SAUER Academy™ Interactive Armor CD's *The Next Best Thing to Personal Training*

EPPING, NH – SIG SAUER Academy, the internationally recognized training facility for law enforcement, military, and responsible citizens, now provides students with the next best thing to personal training with the SIG SAUER Academy Series of Interactive Armorer Instruction CD's. Intended as a reference source to be used in conjunction with the formal training received from the SIG SAUER Academy's Armorers School, the interactive CD's provide the student with overall pistol introduction, design and components, handling, maintenance, cycles of operation, inspection, functions, assembly and disassembly, sight adjustments, troubleshooting and much more. Utilizing your cursor and with simple click-through operations, the student views colorful 3-D graphics of the pistol rotating as the instruction proceeds. Directed parts move, clearly demonstrating internal operations in an easy, visual manner. Students can zoom and rotate pistols and parts in any direction to better understand function and the mechanics of the pistols.

The SIG SAUER Academy Interactive Armorer CD's are available for the entire Classic Pistol line in one CD or purchase separate pistol CD's for an in-depth review of the SIG SAUER P220, P226, P229, P239 and the new P250. Software requirements include Adobe Acrobat 8.1 or later and Microsoft Internet Explorer 7.0 or later (Windows only). The complete Classic line is available at www.sigsauer.com for \$60.00 and each individual pistol interactive CD is also available online for \$30.00 each.

About the SIG SAUER Academy

The SIG SAUER Academy is located on 128 plus acres in Epping, New Hampshire.
